Dear Leadership Development Academy Selection Committee;

It is with extreme confidence and pleasure that I recommend Ivory Christianson as a candidate for your esteemed leadership program. Ivory is a student finishing their junior year at Rock University High School (RUHS) and is expected to graduate in the spring 2025. I have served as Ivory's Dean of Students and teacher for the past three years and have witnessed firsthand diligent study habits, organizational and leadership qualities, and her extreme passion for learning, helping, and succeeding.

Ivory is a highly dedicated individual who prides themselves in their academic and co-curricular accomplishments. They are currently ranked number one in their class with a 3.9 cumulative GPA. Ivory challenges themselves academically by taking college-level classes, and through our Middle College Partnership with Blackhawk Technical College, they are on track to earn an Associate Degree in Web Software Development by the time they graduate from high school.

In addition to their academic abilities and achievements, Ivory's involvement in co-curricular activities and leadership roles sets them high above their peers. Their dependability, organizational skills, open and honest demeanor, and follow-through are only a few of their many characteristics that have contributed to their success in a variety of roles: Student Leadership Council, Fundraising and Event Coordinator, AVID Tutor, Student Mentor, Rock Internship Participant at BTC (summer 2024), and Blackhawk Tech Neurodiversity and Inclusion Awareness Ambassador, just to name a few.

Ivory has a natural ability to be a positive role model and is an excellent candidate for your program. Ivory always presents themselves well and represents their school in a mature and positive manner. They demonstrate excellent cooperative skills in addition to building strong relationships with their peers and teachers/administration. Please feel free to contact me for additional information.

Sincerely,

Angela M. Kerr
